Introduction and background

This document describes information discovered about the Mumma families of Butler and Preble Counties, Ohio. For several years, I had collected various bits and pieces of information about these families, but was not able to connect them together or know from whence they migrated. My interest was drawn to this project when I learned that a John Mumma was credited with having laid out the village of “*Euphemia*”, near Lewisburg in Preble County, Ohio in 1836. Since my own Mumma family arrived in Montgomery County, Ohio in 1827, I was surprised to find another Mumma family in nearby Preble County. I could not identify this John Mumma in my extensive MUMMA database of over 49,000 Mumma descendants when the search was begun. My curiosity was piqued.

Most of the data presented in this article was obtained from bible, census data, civil records and various histories published about Preble and Butler counties. I would like to thank Roy Wesley Mumaw for sharing with me the Mumma/Repetto bible¹ pages. These pages were given to Roy by an unknown gentleman about 1973 who we now believe descended from Elizabeth L. Mumma. In addition, I would like to thank Shari Cook of the Preble County Library and Sheila Aranyos of the Smith Library of Regional History in Oxford, Ohio who assisted in locating and providing Preble & Butler County documents which included the Mumma surname.

From whence did the Mumma family migrate?

The progenitor of this particular Mumma family has now been identified as John Mumma who migrated to Ohio from York County, Pennsylvania around 1832 (age 52). John’s grandfather and great grandfather arrived in Philadelphia on September 18, 1732 aboard the ship named the *Johnson* with other “German Huguenots”.

John Mumma is identified in the Pennsylvania census records as living in the Heidelberg Township of York County in 1810, 1820 and 1830. He appears in the 1840 census of Butler County, Ohio as living in Lemon Township (Middletown). He is identified as owning land, a house and distillery in Lemon Township of Butler County in the land re-assessment performed by James McBride in 1834. He is also listed as purchasing land in Preble County in January of 1834. In addition, John’s daughter, Amanda Mumma Henkel, is identified on pages 649-654 of the History of Butler County (<http://www.rootsweb.com/~ohbutler/cyc/649.htm>) as arriving in Butler County in 1832. So we can conclude that John and his family arrived in Ohio in the early 1830’s and began purchasing land in both Butler and Preble Counties. By 1834, John owned 383 acres and other improvements valued at \$3263 in Lemon Township. Land value at that time was about \$6-8 per acre and he would have been considered to be quite wealthy. He likely brought most of his wealth with him from York County, Pennsylvania.

John was born on April 10, 1780 as the eldest son of a John Mumma (1750-1839) who resided in the Heidelberg Township of York County, Pennsylvania. John married a Ann (Susanna?) Bowers in the early 1800s. This Mumma family was of the Mennonite faith and John (1750), is credited with having platted a town which he called “Mummasburg”, PA in 1820 with 150 lots using the services of John L.

Hinkle (Henkel). In 1823, John (1750) convinced the Mennonites to move their place of worship from Flohr's Church in Gettysburg to nearby Mummasburg where they built a meetinghouse. Abraham Mumma, a son of John (1750) is buried in the Mummasburg Mennonite Cemetery along with his wife and daughter. Also, John's daughter, Maria Mumma married Bishop John Roth who was the first Mennonite Bishop west of the Susquehanna River and he lead the Mennonite fellowship in Mummasburg for many years. They too are buried in the Mummasburg Cemetery along with many of their descendants.

Where they settled.

Initially John Mumma, (1780-1849) settled in Lemon Township of Preble County with several of his children around 1832, including his eldest son, John Jr., who was born about 1809. His eldest daughter, Amanda, married a man by the name of Hiram Henkle (Hinkel) in York County, PA and they too moved to Butler County, Ohio.

Preble County - From the land records of Preble County, we learn that a John Mumma of Butler County, Ohio, purchased three pieces of land on January 2, 1834 from Jacob & Mary Bower of Indiana, which included an existing saw mill on Twin Creek in sections 34 & 26 of Twin Township. The cost was \$5200 for about 190 acres. It is interesting to note that John's wife's mother's maiden name was Bowers. This name similarity is probably just a coincidence. The Preble County records list the marriage of John Mumma to Mary Ann Blount on 11 Nov 1835. This is John Mumma, the eldest son, and the marriage date is confirmed from the bible records of the Reppeto and Mumma family. John and Mary Ann Mumma appear in the 1840 and 1850 census records as living in Twin Township of Preble County where they raised their family. In addition, a John Mumma is listed as laying out the town of *Euphemia* in Harrison Township in 1836 with 200 lots. This town was near the town of Lewisburg, into which it has since been absorbed. Various histories suggest that the town was named after John's wife, but neither of the John Mummas wives were named Euphemia. Possibly Euphemia was a middle name or possibly of an unidentified wife. I don't have sufficient evidence to determine whether it was John the father or John the son who platted this town, but most likely John the father. A review of the some of the deeds of Euphemia would possibly reveal a wife's name when he sold any lots he may have owned. A review of the tax records from 1843 through 1850 reveals John Mummas being taxed. From the estate papers of John, Sr. we know the father remained in Butler County and his son lived and improved the land in Preble County. On 14 May 1844, John Sr. wrote a document in which he describes that his son, John, was living on a farm in Preble County that John Mumma Sr. owned, but that John Jr. was making improvements which should be appraised upon John Sr.'s death. After John Mumma Sr.'s death, the son did file an appraisal of improvements on this farm/mill in Preble County. John Mumma Sr.'s name disappears from the Preble County tax rolls after 1846.

John and Mary Ann Blount Mumma raised their family of 9 children in the Preble County. They can be found in 1840 & 1850 census records living in Twin Township. John operated a mill (called the Mumma Mill) and general store. In the History of Preble County, Ohio by H.Z Williams & Bro. 1881, it says regarding the Mumma mill, "*This mill was a great convenience to settlers, who, before its erection had to go to Gunkle's mill at Germantown in Montgomery County to get their grinding done.*" The Gunkel (Gunkle) name of Germantown is of interest because another John Mumma, a nephew from Butler County, married a Gunckel girl of Germantown. The Mumma family does not appear in Preble County after the 1850 census. It is likely that all of the Preble County property owned by his father was sold upon the father's death in 1849. Nothing is known as to where they migrated. A possible clue is one of the sons married a Josephine Reppeto from Miltonville in Butler County. Possibly John and his

family migrated to Butler County. There is an entry on page 50 in the book “*Twin Valley Tidbits*”, 1995 by Audrey Gilbert which says, “*the subscriber [John Mumma] being desirous of settling up his business, would respectfully request all who know themselves indebted to him , or the firm of Mumma & Bowers, either on the mill or store books, to call and settle the same*”. This was published in the Eaton Democrat on October 31, 1850. Again, this suggests that the family was planning to leave the area, probably due to the death of his father and sale of the property. The family bible records the death of John Mumma as 21 June 1868, but no location was noted.

There are no death dates for the first three children, other than an entry of “died”. The last date entry on the bible page was in 1909 and maybe this was probably their status at that time. Neither Edward nor William appear in the 1850 census, so it is likely they died in their childhood.

The three younger sons, Ambrose B., John Rush and Charles R. Mumma all served in the Civil War for the Union Army. John and Charles both served with Company I of the 5th Ohio Cavalry. They entered as privates, but John was discharged as a corporal. Both of them filed pension papers in the 1870s after they migrated to Kansas City, Missouri. Ambrose, the eldest, served with Company G of the 12th Ohio infantry as well as Company E of the 34th Ohio infantry. Ambrose was killed on 23 June, 1863. The bible record suggests he died at the “Battle of Wittfield”, but regimental records do not mention such a battle.. It is unknown where Ambrose is buried. These military pension and service records can be viewed on the Internet at the Ancestry web site.

Butler County - We will now focus our attention back to Butler County where the elder John Mumma (1780) lived with his other children. He established an important grain mill in Middletown on the west side of the Miami River in Madison Township. The mill packed 4000 barrels of flour and ground 45000 bushels of grain each year which is recorded in “The Economic Development of Middletown Ohio 1796-1865”. In another part of this document, it says that John Mumma bought his mill around 1840. In addition, John Mumma made plats of land around Middletown from his extensive land holdings.

John had extensive vineyards which produced wine and distilled gin. At the estate sale, various barrels, stills and other wine/distilling equipment were sold, along with 316 gallons of gin were sold, as well as more than 115 gallons of wine.

One of the famous landmarks in Middletown was the Madison House which was located at Ohio and Front Street. This hotel was built by John Mumma, Sr. in 1846 in anticipation of the arrival of the Cincinnati, Hamilton and Dayton Railroad, which then had to buy land from John on which to lay tracks. The first locomotive arrived in September, 1851. It was a plain brick structure that was 2½ stories high and 72 by 21½ feet in extent. It contained 30 rooms above ground and 11 in the basement. It was continually improved and had many porches and ballrooms for dancing. From the some of the writings of the local history, we learn that the proprietor in the early 1850’s was a Louis Wagner, suggesting that John sold his holdings, or since he died in 1849, then it is likely it was sold by his estate.

The final accounting of John’s estate filed on 14 June 1853 showed his estate valuation as follows:

Personal property appraisement/sale...	\$2,997.66
Value of notes & receivables	\$5,227.38
Notes & property not appraised	\$4,419.42
Proceeds from sale of real estate.....	\$8,516.00
Interest received	\$189.66
.....	\$21,350.12

John would have been considered wealthy with an estate this large.

Not much is recorded about John's two sons who remained in Butler County. From the 1850 census of Madison Township, we know that David Mumma (1825-1879) was listed as a "Miller", likely working in one of the local mills, possibly his fathers. Next door was living his brother, Daniel Mumma (1824-1853), a farmer. Living adjacent to Daniel was his sister and brother-in-law, Hiram and Amanda Mumma Hinkle. This was likely land their father had purchased.

Daniel died in 1853 at the young age of 29 from unknown causes leaving his wife, Caroline, with three young children to raise by the name of Florence, John and Mary. Mary died within a year. The 1860 census for Madison Township reveals that Caroline has remarried to a fellow by the name of Jacob Vorhiss. Her remaining two children, Florence and, are living with their mother and step father. In 1876, John, marries a girl by the name of Emma Gunckel from Germantown in Montgomery County, Ohio and they soon have a child by the name of John Vernon Mumma in 1877. By the 1880 census, John the father, has died and his wife, Emma, is living in the household of her parents in Germantown. As if enough tragedy didn't happened to this family, John Vernon Mumma's mother, Emma dies within a short time period and he is raised as an orphan by his grandparents. He marries in 1898 in Dayton Ohio and he has a large family of eight girls and two boys. By the 1920's, the family has departed from Dayton for various parts of California, Nevada, and Utah. A descendant's tree which includes this extensive family is attached as the last pages of this report.

Little is known about the youngest son, David and his family. From the 1850 and 1860 Madison Township census records, we know that he had two children. He and his wife, Elizabeth, were not found in the 1870 census. David died in 1879 and was buried in the Middletown Pioneer Cemetery. His oldest son, Samuel, born in 1850, married a girl by the name of Florence and she appears in the 1880 census as a widow with two children by the name of Harry and Charles. Nothing further is known about these two boys. These were the only heads of household with the MUMMA surname indexed in the 1880 census.

John Mumma Sr. was most likely raised as a Mennonite with his family in York County, PA, but apparently didn't follow this religion in Ohio. On page 632 of the Biographical Cyclopaedia of Butler County, John's son, David Mumma, is listed as being an elder of the Presbyterian Church of Middletown. Apparently the original Presbyterian Church building was bought by the German Lutherans and a new building was built in 1856. Fourteen members of the Mumma family are buried in the old "*Pioneer*" Cemetery in Middletown.

DNA Testing

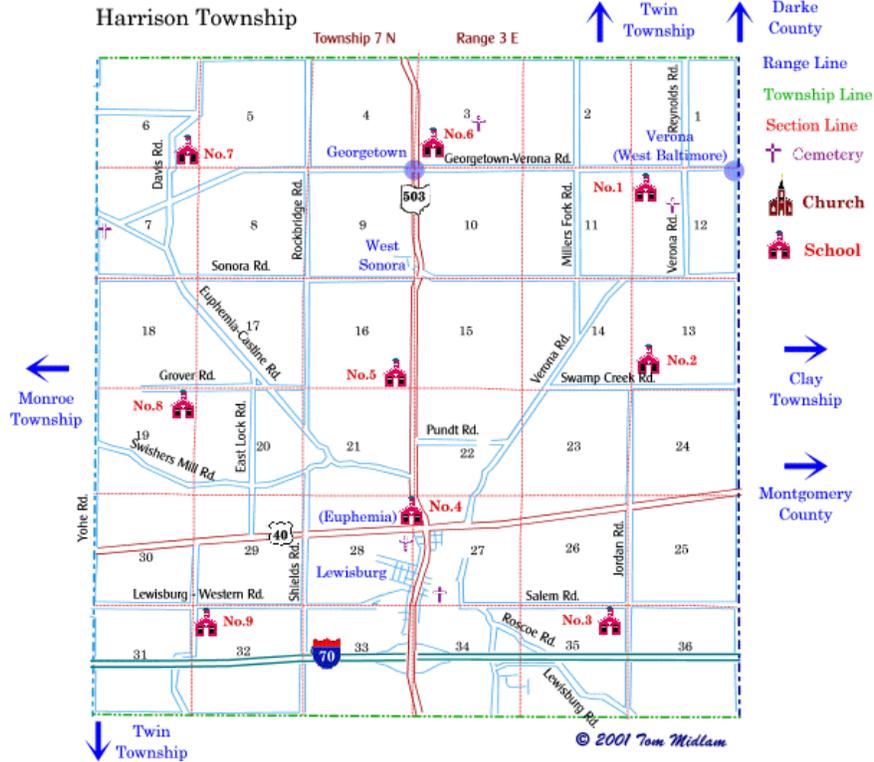

One of the descendants of this branch participated in the Mumma Surname DNA project. The analysis of his DNA was a perfect match to the MUMMA modal haplotype which confirms that this branch descends from one of the three Mumma families who migrated to America from Germany between 1731 and 1748. Work continues to connect this branch to one of these immigrants.

Summary

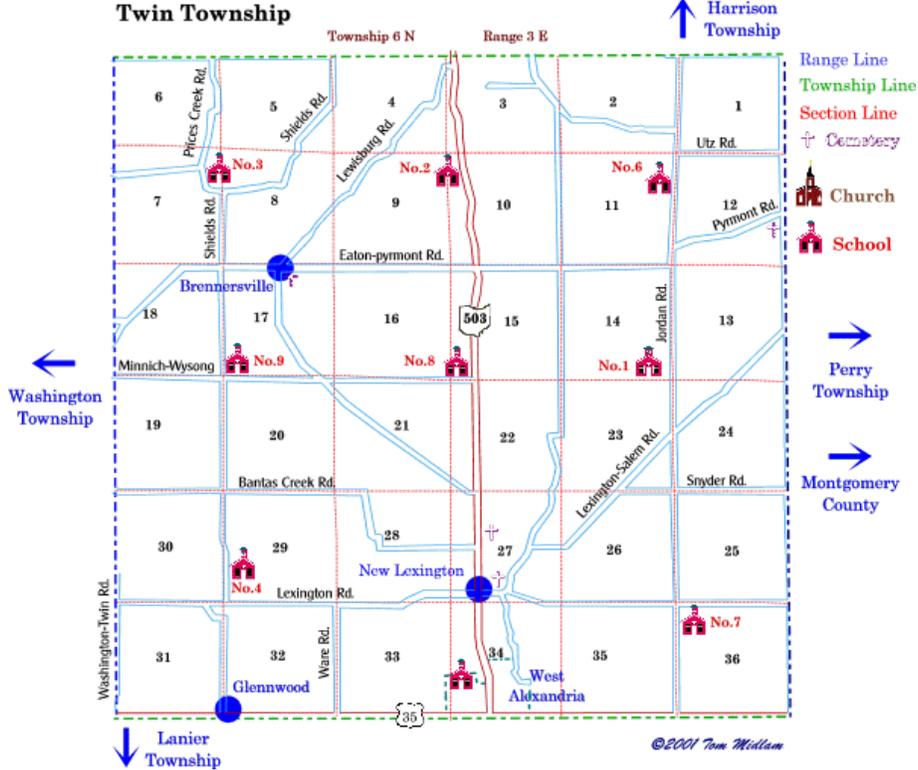

The Mumma family makes a brief appearance in Butler and Preble counties for about 30 years, from about 1832 to 1860. The family was considered wealthy and influential in the development of the area around Middletown. The family began to disintegrate with the death of the progenitor, John Mumma, in 1849. Within a span of a few short years, several of the children and grandchildren died or moved from the area. After 1880, the name is only found recorded in the local history books and no one with the Mumma name lives in these counties today.

Obituary – Josephine Reppeto Mumma (1848-1915)
Unknown newspaper and date (possibly in Butler County, Ohio)
[transcribed 23 Dec 2002 by Doug Mumma, Clipping from Roy W. Mumma]

October 13, 1915, Mrs. Josephine Mumma died after a lingering illness at her home in Kansas City, MO. She was a Daughter of John G. and Susan Reppeto, and was born in Middletown, Ohio, January 23, 1848. Her maternal grandparents, Henry and Susannah Vannatta, came to Ohio from Sussex county, N. J., in the spring of 1816, and settled within a stone's throw east of where the Miltonville church now stands and her paternal grandparents, William and Judith Reppeto came from near Charlottesville, VA to Ohio in 1835, and settled in Dayton. Her father came to Butler county in 1837 and spent the remainder of his life there. Her mother spent all her long life of nearly ninety years in Butler county. The average age of her maternal grandparents and eight of their children was about eighty-four years.

In 1855 with her parents she moved from Middletown to Miltonville. When a young woman, she returned to Middletown and learned the milliner trade with Mrs. M. Harnish. On September 8th, 1870, she was married to John R. Mumma. For a short time they lived in Holden, MO., and then moved to Kansas City, where she spent the remainder of her days. Seven years ago a slight paralytic stroke made an invalid of her for the rest of her days. In spite of the best medical skill, her condition grew worse as the years passed by, and for some time before the end came she was totally helpless. During her long illness, she received the loving ministrations of her family, her daughter Anna being especially devoted to her afflicted mother and for the last four years was her almost inseparable companion. Such was her devotion to her family that it could be truly said: "She lived for them" and well may her children now rise up and call her blessed. On the afternoon of the 15th the funeral services were held. Rev. James P. Dew, a retired Methodist minister, of whose church in West Kansas City she was a member twenty-five years, officiating. He spoke very highly of her as church member, a wife, mother, friend and of the relations she sustained to the world at large. A very beautiful and consoling prayer was made by Rev. George Hamilton Coombs, of the Independence Boulevard Church. The choir from that church sang, "Asleep in Jesus," and "Just When I Need Him, Jesus is Near." There were many beautiful floral emblems. The interment was in Forest Hill cemetery, Kansas City. her brother, Granville, died in infancy on July 9th, 1851, and her death was the next break, after a lapse of more than sixty-four years, in the ranks of a family of eight children. There are left to mourn their loss a husband, two daughters, Mrs. Lizzie Grote and Miss Anna Mumma, one son William, one grandson, Charles Grote, all of Kansas City; two sisters, Mrs. Ella Johns of Seven Mile, (Ohio) and Mrs. Lizzie Bringman, of Miamisburg, Ohio, four brothers James Reppeto, of Ponea City, OK; John W. of Miltonville, OH; Augustin of Oregon and William E., of Desmond (?), ND.
